Dear parent,

Re: Stockwell Primary School – School Street implementation

Lambeth Council is looking to make the journey to school safer for pupils when they return to school in September. Transport for London's Streetspace Plan states that 'as children and young people return to early years, school and further education settings, government guidance remains in place on social distancing'.

School Streets are timed road closures on streets around schools in the borough which will help to aid social distancing for families whilst also making the journey to school safer for pupils.

The council is working with Stockwell Primary School to be part of this scheme initially on a trial basis.

From 3 November 2020, Burgoyne Road will be closed at the junction of Combermere Road, between the hours of 7:45am to 9:15am and 2:15pm to 3:45pm during term-time weekdays.

Emergency vehicles will still be able to access the road at all times but other motor vehicles including those driven by parents to drop off or pick up children at the school gates will be restricted.
