

Stockwell Primary School and Children's Centre

Achieving excellence together

Monday 29th November 2021

Dear Parents/Carers,

Due to changes in government guidance, as a result of the new coronavirus variant Omicron, all visitors must wear a face covering when entering the school premises for any reason.

For now, all performances will continue as planned. However, we will be separating the parent and school shows, to reduce the number of people in the hall. We will be in touch with amended timings for the EYFS nativity and the KS1 play in order to separate the parent groupings by year group shortly.

In order to continue keeping our community safe, please ensure you wear a face covering when dropping children off at school in the mornings and collecting after school.

Thank you for your support.

Regards,

Ms A. Parker
Executive Headteacher
