

# STOCKWELL PRIMARY SCHOOL & CHILDREN'S CENTRE LOCKDOWN POLICY & PROCEDURES

#### **Rationale**

As part of our Health and Safety policies and procedures the school has a Lockdown Policy.

On very rare occasions it may be necessary to seal off the school so that it is not able to be entered from the outside. This will ensure that pupils, staff and visitors are safe in situations where there is a hazard in the school grounds or outside the school in the near vicinity.

A lockdown is implemented when there is a serious security risk to the premises due to, for example, a nearby chemical spillage; proximity of dangerous dogs; serious weather conditions or attempted access by unauthorised person's intent on causing harm or damage

# NaCTSO (National Counter Terrorism Security Office) \*\*Guidance\*\*

In January 2016, NaCTSO provided the following advice to leaders of schools and other educational establishments for reviewing 'Protective Security':

# **Bomb threats: Procedures for handling bomb threats**

Most bomb threats are made over the phone and the overwhelming majority are hoaxes, made with the intent of causing alarm and disruption. Any hoax is a crime and, no matter how ridiculous or unconvincing, must be reported to the police.

Be alert, but not alarmed!

On receipt of a "bomb threat" - Dial 999 and police will respond. You should always consider their advice before a decision is taken to close or evacuate.

## **PROCEDURES**

# **Intruder Attack Protocol - Overview:**

- Tannoy announcement where possible: "Traffic Light! Traffic Light! Traffic Light!"
- All staff, visitors and pupils to lock themselves inside the nearest room and remain there until given the all clear. This applies to doors which have a self-locking thumb unit or steel bolt. It will also apply to doors which display a green LED. In this instance the reader should be double tapped and the LED should turn red.
- Staff visitors and pupils to remain at floor level in silence as far away as possible from windows and doors.
- Emergency services to be contacted immediately. Default responsibility falls upon any member of staff
- Parents to be informed via Tucasi. Instructions will be conveyed by SLT
- Chair of Governors and Local Authority to be contacted by LHT, HOS or SLT

# **Evacuation procedures:**

- Nearest fire alarm call point activated. Default responsibility falls upon any member of staff
- Lansdowne School alerted 0207 737 3713. Default responsibility falls upon any member of staff
- Staff, visitors and pupils evacuate to the Green Zone
- All staff, visitors and pupils make their way to Landsdowne School via Burgoyne Road, or nearest, safest possible route.
- In the event that Landsdowne School is also being evacuated, staff, visitors and pupils are to await further instructions from LHT, HOS or SLT.
- Parents notified via Parent Mail as early as possible. Instructions will be conveyed by SLT

A lockdown procedure may be activated in response to situations including:

- An incident or civil disturbance in the local community which poses a risk to the school
- An intruder on the site with the potential to pose a risk to the school
- Local risk of air pollution, such as a smoke plume or gas cloud
- A major fire in the vicinity of the school
- A dangerous dog or other animal roaming loose

Stockwell Primary School's plan takes into account the available means of internal communication, the age of students, the site layout and the geographical location. Basic principles include:

- Alerting staff to the activation of the lockdown plan by a recognised signal: "Traffic Light": "Traffic Light": "Traffic Light": announced through the school's PA system.
- Bringing staff, visitors and pupils from outside into the school buildings as quickly as possible
- Staff, pupils, visitors should adopt a position that is deemed safest at the time. For example, lying flat on the floor or huddled tightly together in a corner
- Locking all external doors and windows as necessary
- Having arrangements for staff to notify the school office of any pupils not accounted for.

#### **GUIDELINES**

It is of vital importance that the school's lockdown procedures are familiar to members of the senior management team, school administrators, teaching staff and non-teaching staff.

A lockdown drill will be conducted at least once a year.

- Staff should keep agreed lines of communication open, but should not make unnecessary calls to the School Office as this could delay more important communication.
- Staff should also use other means of internal communication, such as: Two-way radios (volume should be adjusted to low), mobile phone (mode should be adjusted to vibrate), texts, internal email.

Full Lockdown Alert to staff: "Traffic Light" "Traffic Light" "Traffic Light". This signifies an immediate threat to the school and may be an escalation of a partial lockdown. Immediate action: See above

- Parents should not contact the school. Calling the school could tie up telephone lines that are needed for contacting emergency providers
- Parents should not come to the school. They could interfere with emergency provider's access to the school and may even put themselves and others in danger
- Parents should wait for the school to contact them about when it is safe for you to come get your children, and where this will be from. The communication with parents needs to reassure them that the school understands their concern for their children's welfare and that everything that can possibly be done to ensure children's safety will be done. However, it may also be prudent to reinforce the message, that: 'The school is in a full lockdown situation'.

During this period the main switchboard and Reception may be un-manned, external doors locked and nobody allowed in or out with the exception of the Emergency Services. It is important to keep lines of communication open with Emergency Services as they are best placed to offer advice as a situation unfolds. The school site may or may not be cordoned off by Emergency Services depending on the severity of the incident that has triggered the Lockdown. Emergency Services will support the decision of the Lead Headteacher (or Head of School) regarding the timing of communication to parents. In the event of a prolonged lockdown or more severe scenario, it is expected that the Local Authority will provide further guidance.

## Partial Lockdown

Partial Lockdown Alert to staff: This will be announced over the PA system as: "Amber Light": "Amber Light": "Amber Light": This may be as a result of a reported incident or civil disturbance in the local community with the potential to pose a risk to staff and pupils in the school. It may also be as a result of a warning being received regarding the risk of air pollution or some other threat yet to be determined.

The Partial Lockdown Procedure known as "Amber Light" "Amber Light" "Amber Light" and activated via the PA signal will trigger the following response. All outside activity to cease immediately, pupils, visitors and staff return to the building by the nearest safest route.

Partial lockdown' is a precautionary measure but puts the school in a state of readiness (whilst retaining a degree of normality) should the situation escalate.

- All staff and pupils remain in the building and external doors and windows locked
- Free movement may be permitted within the building dependent upon circumstances. All situations are different, once all staff and pupils are safely inside, senior staff will conduct an ongoing and dynamic risk assessment based on advice from the Local Authority or Emergency Service Department.

Air pollution.

In such situations, air vents can be closed (where possible) as an additional precaution. Emergency Services will advise as to the best course of action in respect of the prevailing threat.

Both Traffic Light and Amber Light alerts will end with announcement: "Traffic Light/Amber Light Terminated".

#### **ACTIONS**

# SENIOR LEADERSHIP

- As appropriate, the school should establish communication with the Emergency Services as soon as possible. Default responsibility falls upon any member of staff in this instance.
- If necessary, parents should be notified as soon as it is practicable to do so via Parent Mail. An instruction will be conveyed by a member of SLT
- It may be necessary to evacuate to Lansdowne School. Notification of this eventuality will be made by a member of SLT. Premises will be on hand to signpost staff, pupils and visitors where to go. Parents will be updated as soon as is operationally possible.
- If it is necessary to evacuate the building, a member of SLT will give the instruction to activate the fire alarm. Once the alarm has been activated all staff, visitors and pupils should make their way to the assembly point in the Green Zone. No one should evacuate their respective area until they hear: "SLT Evacuation" over the PA system.

#### **TEACHERS**

#### **RECOMMENDATION:**

Staff should await further instructions. It is of vital importance that the school's lockdown procedures are familiar to members of the senior management team, school administrators, teaching staff and non-teaching staff. A lockdown drill will be conducted at least once a year.

- 1. Conduct a number of table top exercises with the senior management team to test the procedures against various scenarios
- 2. Rehearse lockdown arrangements with all staff and pupils
- 3. Display lockdown drill information in shared drive under premises procedures
