Achieving excellence together

 MyMaths

Date: 09/02/22

Dear Parents and Carers,

Re: Maths Online Learning

Following the success of the virtual maths-a-thon activities that children participated in for Number Day, held last Friday 4th of February, I am writing to remind you of the fantastic online learning tools available to children at Stockwell Primary School.

Weekly Homework

From reception to year 6, weekly mathematics homework is set each week on MyMaths. Every Friday, teachers assign tasks relating to topics taught in school and children's work is marked automatically.

Numbots: Addition & Subtraction

All children from reception to year 1 can help their robot avatar purchase parts from the scrapyard using coins earned through completing arithmetic activities on Numbots! Targeted children in KS2 can also use this website/app to help them secure a more solid foundation in numeracy. Starting with counting to five, children gain mastery of each stage before moving to the next level and the aim is confidence and competence adding and subtracting 2 digit numbers.

TTRockstars: Times Tables

Children in KS2 should use TTRockstars to practice rapid recall of times tables facts. For learners in year two, questions focus on the learning the 2, 5 and 10 times tables only. On this website/app, children can challenge their friends and compete in class and year group tournaments!

URL: <https://trockstars.com/>

If your child is unsure of their personal username and password for MyMaths or Numbots/TTRockstars (same for both), please contact their class teacher or email: clericalofficer2@stockwell-pri.lambeth.sch.uk.

I hope that your child will enjoy using these fun, interactive resources to help them progress in maths!

Yours sincerely,

Miss G. Thomas
