

# Taking Stock

Achieving Excellence Together

Friday 4th March 2022

## Our Weekly Update

We finished last half term in style, with a red themed Love Day dress up, which was organised by Friends of Stockwell. We raised £175.71, all of which will go back to the children in school. This morning, the PTA also sent out their newsletter, informing you of their activities. They are still looking to recruit new members, so please let us know if you can spare some time.

And what a start to this half term it has been. We've only been back two weeks and it feels like we have already packed in an awful lot. Ms Kelleher and the Year 6 team hosted two Year 6 parent workshops on end of Year 6 assessments. The feedback from those that attended was overwhelmingly positive. We will be sending out the slides and information in due course. Mr Serra and the Year 2 team hosted a KS1 assessment workshop, which quite a few parents joined. Thank you to everyone that came along; again, the feedback shows that parents found this highly informative. We also took part in World Book Day, which created a buzz all over the school. Bart Simpson and Spiderman even managed to get hold of the tannoy, getting everyone to stop what they were doing and read. I must see if they're still in school somewhere!

Next week, Mr Serra and Ms Thomas will be hosting our Year 1 Phonics assessment workshop on Monday 7th March at 3:45pm in the main hall. We do hope that you can come along and join us.

Bookings for Parent/ Teacher consultations are now online. Bookings must be made through Scopay/ Tucasi. If you are having trouble with this, please contact the school office. We are happy to help.

Now that all Covid restrictions have been lifted, we are very excited to welcome parents back to school. Please let us know if you are keen to get involved in school life. This week we had parent readers in school, which was brilliant.

Next week, we are hosting our International Women's Day event on Tuesday 8th March. Mrs Akinmade's team have a number of activities ready around the theme 'Break The Bias'. We look forward to welcoming you to the event.

Have a lovely weekend everyone. See you on Monday.

Zenia McIntosh, Acting Head of School

## Dates for your Diaries

<b>7th March</b>	Y1 Phonics Screen Workshop
<b>10th/ 11th March</b>	3B and 3A National Army Museum Trips
<b>11th March</b>	3C Class Assembly
<b>14th March</b>	Dress up as a Scientist Day
<b>14th—18th March</b>	Science Week
<b>18th March</b>	Red Nose Day

# World Book Day

What a busy day we had yesterday. We celebrated a return to World Book Day in style. Parents came in and read to classes. Thank you to everyone that volunteered: the children absolutely loved it. There were costumes everywhere; Harry Potters, Willy Wonkas, Narutos, a couple of Mary Poppins, the entire character list from Alice's Adventures in Wonderland, Sherlock Holmes, Little Red Riding Hood and Paddington Bear all turned up, to name just a few. The focus of the day was the love of reading and reading based activities took place throughout the day: everyone dropped everything to read when the tannoy went off; teachers shared their favourite books with their classes and created activities based on these and we rounded it all off with a celebration assembly at the end of the day. Thank you to everyone who played a part in such a great day and to Ms Kelleher for organising the whole thing.

## Value of the Month

### Responsibility

Join our Parents' WhatsApp Group!  
Stay in touch with school life by joining the Stockwell Parents group.

Over 100 parents have already joined and it's a great way to get fast answers to common questions and find fun local activities.

Some classes also have individual WhatsApp groups set up by class parent reps.

Use the QR code, send a message to

07786 268278 or

# Attendance

# Whole School Attendance Percentage

## Week beginning 21st February 2022

**96.0%**

Class	%	Key Stage
Rec. B	96.4	Foundation Stage
<b>Rec. A</b>	<b>98.0</b>	
Year 1B	94.6	Key Stage 1
Year 2C	95.7	
Year 1A	96.8	
Year 2A	97.0	
<b>Year 2B</b>	<b>97.9</b>	
Year 4B	91.7	
Year 3A	92.4	Lower Key Stage 2
Year 3C	95.9	
Year 3B	97.6	
<b>Year 4A</b>	<b>100.0</b>	
Year 6B	93.5	Upper Key Stage 2
Year 5B	93.9	
Year 6C	94.0	
Year 6A	96.9	
<b>Year 5A</b>	<b>98.2</b>	

Well done everyone—attendance is still over 96%. Keep it up.

Remember, unless we inform you otherwise, school is open.

Well done to 4A for 100%. Can anyone else manage to do the same?

# STOCKWELL PRIMARY SCHOOL

## Y4 MATHS PARENT WORKSHOP

Come and join Ms. Thomas as she explains the Year 4 Multiplication Check & how to support your child.

Do you know about this assessment for children in Year 4? Does your child know the times tables? Not sure how to help them prepare? Let Ms. Thomas, our Maths lead, explain what is included in the test, how it will work and how best to help your child become confident recalling all the times tables!

3:45 – 4:30

Thursday 17<sup>th</sup> March

Main Hall

Ms. Thomas

# Year 4 Multiplication Check workshop

# Sports Tournaments

Our sports teams have been very busy. We came second in the Moving Matters Netball tournament, with Ade being named Best Player. We won 10-1 against Reay Primary in the Lambeth Football League and today we came second in the Moving Matters Basketball Competition. Good job everyone.

The focus book of this week is *Jack And The Giant Beanstalk*. The children were making their own books of the story, cutting and sticking the pictures of the story and retelling the story as they looked at the pictures they were sticking. Children were repeating words from the book such as saying "high up top", "fe fi fu fom", "bessi the cow". This activity has been supporting the children's communication and language as they have been learning new words and use them for their play and story time.

The children also have been doing lots of planting. They were looking at different seeds and making their own plants to take home to look after. This has supported the children's understanding of the world, learning about plants, how they grow and looking after the environment.

In the next 2 weeks we will be looking further into planting and growing outdoors.

## Pre-School

In English, our learning will be based on the 'Handa's Surprise' story book, with its vibrant and colourful illustrations on the front cover and a lovely surprise inside.

This book will allow us to explore names of fruits, animals, colours and adjectives/describing words.

In Maths, our learning will be around the concept of subtraction, using the 'Handa's Surprise' book.

## The Hub

# Nursery

Over the next two weeks, in Literacy, we will be reading and retelling the stories of *The Little Red Hen* and *Jasper's Beanstalk*. We will be writing shopping lists, making marks to represent words or using the sounds we know.

In Maths we will be exploring weight and capacity when measuring the amounts of cooking ingredients. Using pretend-play such as a Baker's Shop role-play, we will be experimenting with changing amounts whilst selling pretend bakery goods that we have made using playdough.

In Understanding of the World, we will be looking at processes and change through experiences such as baking bread. We will talk about decay by observing how vegetables and fruit change from when they are fresh. We will be talking about the importance of recycling and composting, and talking about how our fruit leftovers will return to the soil to help plants grow.

In Expressive Arts and Design we will be making story props and masks to support our role play. We will continue to develop our role-play based around the books we have read. In PSED, we will be talking about team work and the importance of helping each other. We will also talk about the importance of looking after our natural environment and how we can achieve it if we all work together to help our planet.

The reception children have been exploring our new "Reading tent". They are very excited about this new reading space.

In Maths next week we will continue to explore number compositions or different ways to add up to different numbers from 1-10.

In Science next week, we will continue to explore what do we need to do to have a healthy and balanced diet. The reception children this week had the opportunity to taste some healthy food.

We cooked a beetroot soup they also learnt how to use different cooking tools such as knives or potato peelers.

We have three new "ladybird houses". This term the children will be learning about different insects we can find in the local area. Next week, we will be sowing different vegetables related to the story "Eddie's garden" by Sara Garland.

# Reception

# Year 1

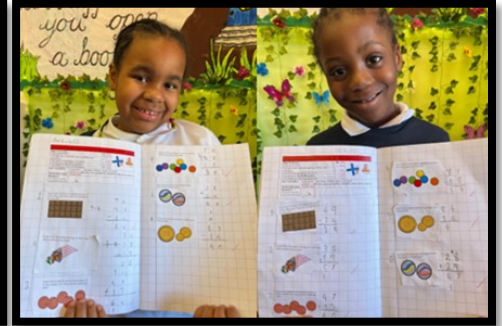

In English next week, we will be looking at creating new imaginary settings in order to write an alternative ending to the story we are focussing on 'Beegu'.

In Maths, we will continue to focus on length and height. We will focus on standard and non-standard units of measurement.

In Science, we will learn about Carl Linnaeus and why he is an important scientist.

In DT next week we will continue to learn about moving pictures. We will start to design our project by thinking about mechanisms for movement.

This week, in Humanities, we will be learning how to plot a route. We will look at the countries Amelia Earhart flew through.

In English, year 2 will be looking at writing a story based on *Toby and The Great Fire of London*. We will be exploring adjectives, expanded noun phrases and adverbs to make our stories exciting.

In Maths, we will be exploring 3D shapes. We will be finding out about vertices, edges, and faces as well as seeing what 3D shapes we can find in our everyday lives.

In Science we will be investigating how some materials change because of the heat or the cold. We will be looking at what is an irreversible change and what changes are reversible.

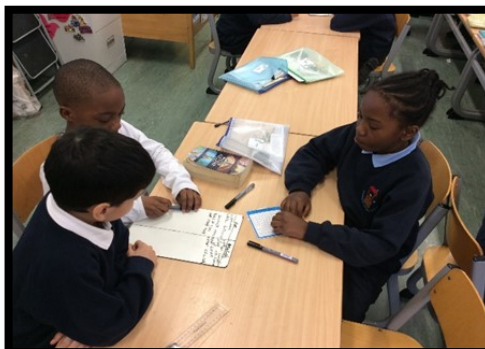

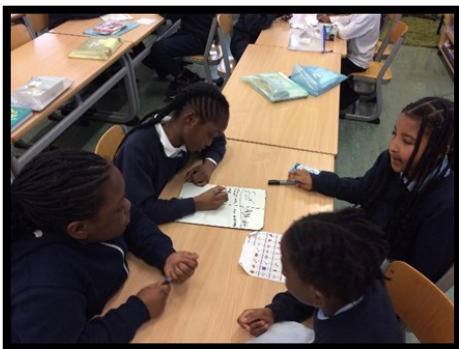

In Art we will be exploring brush strokes. We will be looking at how our paintings are effected by the way we use are brushes and how different textures can be made.

In Humanities the children will be looking at how London has changed since the Great Fire of London. They will be looking at what decisions were made after the fire to prevent another one from happening, such as the introduction of the fire brigade.

# Year 2

# Year 3

In English next week, the children will be continuing their work on the book 'Skyward'. The children are focusing on comparing the characters in the text and looking at how subordinate clauses can add tension and detail to their writing.

In Maths, we are in our final week of length and perimeter. The children will be starting to add and subtract lengths, as well as calculating and investigating perimeter.

In Science, the children are looking at the different sources of light- artificial, natural and the properties of natural light.

In Art/DT, the children will be continuing their work on tone and shade.

Next week, 3A and 3B will be going on a trip to the National Army Museum. They will be attending a workshop there, where they will consolidate their knowledge of WWII and The Blitz.

Don't forget your packed lunches and your coats!

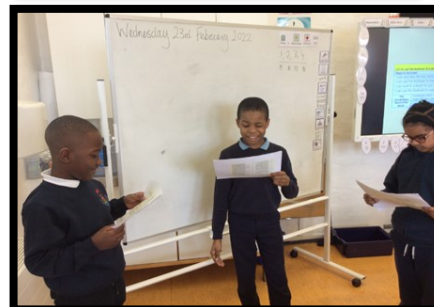

In English, we will continue to look at play scripts and adapting Paddington on stage. We will then begin to look at biography writing, honing in on key figures from the Industrial Revolution.

In Maths next week, our focus will be decimals. We will learn how to multiply and divide by 10 and 100. We will also learn how to partition decimal numbers including tenths and hundreds expressed as fractions.

In our next Science lesson, we will be recapping and consolidating our knowledge on electricity and circuits. We will be drawing and labelling circuit diagrams and investigating how to be safe around electricity.

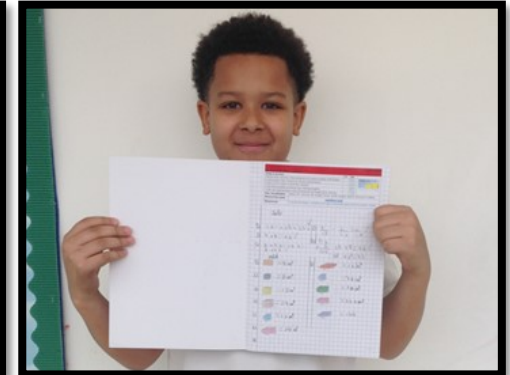

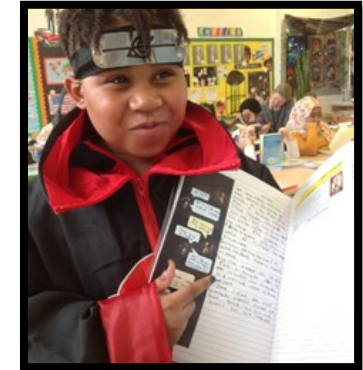

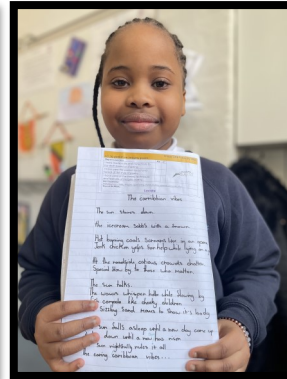

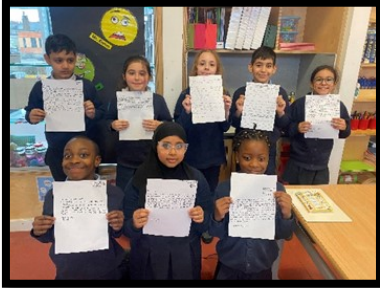

Next week, in DT, we will be learning about basic food hygiene and food preparation. We will be trying and testing existing products on the market to help us create an afternoon tea for Paddington.

In Topic, we continue to look at Peru, the UK and their differences, as well as the Industrial Revolution and how it changed and shaped London.

# Year 4

# Year 5

For the final week of our narrative unit, in English, we will be studying the book 'Varmints', children will take inspiration from the text to plan their own narrative about a society suffering hardships.

Next week, the Mathematics topic is ratio and children will learn to use scale factors and solve ratio and proportion problems.

In Science, we are continuing the topic studied last term. The children will plan and conduct an investigation to demonstrate how light travels.

Linked to topic, children will explore American landmarks, compare structures, identify materials and how they were joined / reinforced.

Using their knowledge of the history and geography of the United States of America, children will identify similarities and differences between the USA and UK.

In English, next week, we will be diving deeper into our class book, 'Coming to England'. Children will begin to plan and write a narrative based on the book using features similar to the author.

In Maths next week, we will study fractions. Nearing the end of this, unit we will multiply fractions by wholes and find fractions of amounts.

In Science, next week, we will be looking at pulleys, levers and gears and how these are used in everyday life.

In Art/DT, we will be planning for our slippers and beginning to learn the basics of sewing.

In Humanities, we will be looking at the differences between the UK and the Caribbean and thinking about how these differences would have affects people who travelled on HMT Windrush.

Funded by the 2021 CoCreate Fund, awarded  
by Lambeth Early Action Partnership (LEAP)

Do you want to be part of a community to design your very own Young Parents hang-out?

Do you need some personal quality time to focus on your own needs and dreams?

Are you a young parent between 16 and 25 with children of 0 and 3 years of age?

## The Dream BiG Young Parents Hub

You will be gifted a £25 voucher every 2 weeks while your  
your child is having fun in a creche with no expense to you!

If the above answers are yes, why not come and be part of something rewarding:

When: Every other Thursday between 12 and 2:40pm

Where: Stockwell Children Centre, Burgoyne Road SW9 9QJ

Why: Because we want to know what young parents need for them and their children in our community  
in The Dream BiG Young Parents Hub

Sounds interesting? Well contact Lionel Best ([lionel.best@big.cic.org](mailto:lionel.best@big.cic.org) / 07908 950 630)  
to find out about **ALL** the benefits for you!
