

# CYPCIS Community catch-up clinics

## Spring 2026

The South London Children and Young People's Community Immunisation Service (CYPCIS) is currently offering the 3-in-1 teenage booster (aka DTP vaccine) and the Meningitis ACWY vaccine to students in year 9 (aged 13-14). After the Easter holidays, we will begin the HPV programme to all students in year 8 (aged 12-13). Both of these vaccination programmes have an 'evergreen' offer attached to them, so any student who may have missed the vaccine when they were younger can catch-up in school or in a community clinic. We are also offering the MMR vaccine to any student, in any school year, who has missed one or both does.

The primary offer is through schools across South London. e-consent links have been shared with schools. If students have missed their vaccines at school, or do not attend full-time education, they can have their vaccine at a community catch-up clinic. Students can attend clinic in any of our boroughs across south London and are not limited to clinics in their local area.

Most of our clinics require parents to book an appointment. This can be done by contacting the team directly (numbers listed below) or by using this link:
